
About the Kool Kids

The Kool Kid program is located in the main level of the Happy Time in room #138. We are equipped for fun with a spacious classroom. Our room has games, an art center, books, and many different things they can do. We are a very active group, so we try to be outdoors as much as possible.

Our Goal is to have
fun while
exploring and
imagining!

Our Mission Statement:

To provide a loving and safe environment for children as they learn and grow both educationally and spiritually and to minister to the child and family.

We spend our days filled with activities that will go along with our summer units. We have daily Bible time and devotions about our stories. We learn to become a part of our community and helping others. We will have some all day field trips and some that will just be half days. We hope that they go home tired from a busy day!

Some of our field trips are swimming, museums, Lost Island, and more. We will also be doing some community base projects and having some instructional and fun projects!

We are well staffed and licensed by DHS standards and guidelines.
